The latest interclub match with Seaford proved to be a very close match with only three ounces separating the top two who were both representing Seaford. Coming out on top was Dave Hughes who drew fancied peg 1. He caught on the feeder and bomb on maggots and wafters before switching to the pole for 49 7 0 of Carp and the narrow victory. Second went to Steve Tasker with 49 4 0 on peg 5, starting on the bomb for an early Carp, he soon went on to the pole alternating between expander pellets and meat. Third fishing for Hassocks was Steve Pead on peg 6 he finished

with just over 25 0 0 all caught on the pole alternating between expander pellets and maggots he landed six Carp and backed them up with a nice net of skimmers. On the day Seaford came out comfortably on top by just under 28 0 0 when comparing the top three from each club.
