A reasonable turnout for this round of interclub matches with Decoy throwing up the top winning match weight for many years. Hassocks coming out on top with the best three weights from each team counting to the overall weights to make it even for the teams taking part. Norman Cragg continued his fine run of form landing 82 3 0 all on method feeder using various coloured wafter pellets with ground bait and micros on the feeder to win comfortably on peg 15 fishing to the pads. Runner up was Tim Brightey also fishing for Hassocks on peg 5 landing 47 4 0 also on method feeder and pellet and third was Cliff Prophet for Hassocks on peg 11 with 29 14 0 on method feeder, then down in the margin later.
