On a very pleasant day John Larouche had a nice net of Skimmers and Roach fishing waggler using two and three maggots for 13 6 0, and that was easily enough to give John and Tina a comfortable victory with a combined total of 18 2 0. Runners up Sally and Steve Pead both fished the feeder hoping to land a Carp or two but had to settle for several Skimmers for their 7 6 0 total. Although Sally did land the biggest fish of the day, a 9 6 0 Pike on a yellow wafter, unfortunately that did not count.
