On a blustery day the two couples taking part found the fishing difficult and with an hour to go John Larouche was fearing a blank when suddenly he managed to land three decent Bream on the cage feeder and maggot for 12 1 0 with the best weighing 4 6 0, this combined with Tina's 2 4 0 to total 14 5 0 was easily enough to give them victory on the day. Sally and Steve Pead had to settle for small silver fish on the whip and second on the day.
