A good turnout for the latest round of the Rose Bowl who were treated to a lovely evening, coming out on top was Tim Brightey who fished method feeder and yellow wafers for a nice net of skimmers for his 11 7 0. Also fishing the method feeder and wafers was in form Ted Odell for his second-place landing five skimmers for 7 7 0, third went to Darren Chillcot fishing with waggler and maggots for a mixed silver fish net for his level 6 0 0. With the final leg of the series next week at Wildings Ted looks to be favourite to lift the trophy this year but there is still a chance that Rowland might still just nick it at the death.
