Only three turned out for the first O A P match of the season at Wildings today, possibly due to the track still closed also several of the regulars were unavailable due to holidays. Kevin Tree had his best match weight to date at the venue managing to land twelve Skimmers and some nice Roach on method feeder with micros and a yellow wafter, the largest Skimmer went just over 3 0 0 in his 26 4 0 net on peg 16 Second and well adrift was Steve Pead who alternated waggler and whip for the first hour and half for 4 10 0 of Rudd and Roach before being almost bite less for the rest of the match trying cage feeder and the method feeder on peg18. Third was Ted Odell on peg 20 who fished the feeder all day for a hand full of silvers for his 0 14 0. The next seniors match is Decoy on the 24<sup>th</sup> April.
