A very wet day greeted the six anglers for round four of the O A P summer series at Morehouse Farm on the canal. Keith Huggins showed everyone how it was done landing an impressive 104 13 0 of Carp on the method feeder and wafers across to the far bank and also in the margins. Runner up Hugh Neatherway set a personal best match weight landing a level 69 0 0 of mainly Carp and a few skimmers on the same tactics and also on the pole in the margins with meat later on. Third and not far behind was Stewart Morton with 62 6 0 of Carp also on the method feeder and wafers and finishing in the margins with meat.
