30	NORMAN CRAGG	61	12	0	3	8

Plenty of Carp were caught on the latest round of the a o p summer series, Yet again coming out on top was Nigel Jackson fishing his favourite paste, landing just under 85 0 0 from peg 28 he had most of his fish fishing at ten metres out in the lake and not the margins. Runner up was Kevin Tree from the opposite bank on peg 12 with a level 75 0 0 mostly on the method feeder and wafers, it could have been a different result as Kevin had clicked a 100 0 0 but found one of his nets had been pulled in when he went to weigh in and some of his Carp appeared to have managed to escape. Third was Norman Cragg on peg 30 with 61 12 0 also mainly on the method and wafers, with 390 0 0 being landed between the seven anglers it means that they averaged over 55 0 0 a man, not bad for a club water.
