A clear win for Adrian Bell at Vale bridge with a nice mixed net including three decent skimmers from the large platform swim near the entrance gate. Runner up was Peter Baldwin who edged second by a few ounces ahead of Darren Chilcott in third with a net of mainly Roach, the result could have been different if he had managed to land a Carp that he played for several minutes. With one round left the Rose Bowl is still up for grabs with only two points separating several of the anglers with the best five out of six results counting.
