The Society Cup was won this year by Dave Franks who surprised everyone who took part by managing to land two Carp from a swim just above the weir pool which gave him an easy victory. His first Carp weighed just under 5 8 0 with the second, forty minutes from the final whistle weighing 18 8 0, which was a personal best. He also had a small Trout for 24 1 0 all caught on feeder and three maggots. Second, and slightly disappointed was Hugh Neatherway who landed a Carp of 7 4 0 early in the match on the waggler and maggot from below the weir thinking he would probably sew the match up. Two anglers shared third with Nigel Jackson landing a Trout and a Minnow for his 0 6 0, unlike Steve Pead, also with 0 6 0 which consisted of over 50 Minnows.
