The decision to run the match on Canal instead of Sidewinder due to the poor weights recently proved to be correct as for most the fishing was much better providing you drew either end. Hugh Neatherway came out on top fishing the method feeder and pink wafers for 63 7 0 for a convincing victory from peg 18. Second came from the other end of Canal peg 2 where Darren Chilcott landed nine Carp on the waggler and maggot for 35 2 0. Third was the ever young Ted Odell who was on far end peg 20 fishing method feeder and red wafers for 30 2 0.
